COVERING THE 2020
Fishing is a great opportunity for recreation in Kandiyohi County for locals and visitors alike. With so many lakes, ponds, streams and the Crow River, the opportunities for angling enthusiasts are nearly endless.

In winter, whole communities of ice houses appear across our many lakes. The camaraderie they create helps the hardy ice anglers push back against the cold of a long Minnesota winter.

Our thanks to the Minnesota DNR for supplying us with information to reproduce the lake maps. For more information, visit their website at: www.dnr.state.mn.us.

(Sizes of lake maps are not proportionate to each other. Check acreage for lake size.)

The Willmar Lakes Area in Kandiyohi County is located 90 miles west of the Twin Cities, just an hour and a half from all the metro congestion. In the time it takes to loop the metro or fight stop-and-go traffic, you can be driving with ease into the quiet setting of the Willmar Lakes Area.

With 360 area lakes, the Willmar Lakes Area offers unlimited year round water, woods and prairie outdoor sports opportunities.

Spring brings new life, new leaves and a myriad of outdoor opportunities.

Hit the lakes and trails of Kandiyohi County to experience all that spring has to offer. Canoeing, kayaking and early fishing can get you on the water and wipe out the winter blues. For hiking, biking or horseback riding, we have the trails—easy, challenging and wheelchair accessible. Get out your hiking shoes, load your bike, hook up your horse trailer and start your adventure!

As spring slides into summer and the waters warm, water sports explode for participants and spectators alike.
Summer

The summer finds children splashing and laughing, while building sandcastles and family memories that they’ll cherish for a lifetime.

Water skiers, wake boarders and boaters streak across the lakes, while in more quiet spots, fishermen work their lures.

Birders will find this Central Minnesota county an ideal birding location with its mixture of lakes and thousands of acres of mixed forests that spread their branches over rolling hills and along lake borders. Over 200 species have been observed in the Sibley State Park area alone with over 180 wildlife species recorded in the woods and meadows of Prairie Woods Environmental Learning Center.

Be sure to note the locations of our resorts and campgrounds on the lake maps where friendly and knowledgeable hosts are ready, capable and willing to make a dream lake vacation come true for your family.

As the summer sun wanders slowly to the west, campfires flicker and light the night while campers find time to relax with family, friends—and s’mores.
Fall brings a burst of colors and cooler days that makes hiking and biking along our many trails exhilarating. It also creates opportunities to capture that coveted Instagram worthy photo #fallcolors.

The harvest moon finds campers closer to the fire and to each other. Fish still need to eat and some of the more hardy anglers take to the cooling waters, ready for the invigorating challenge of fall fishing. Ducks arrive from the north and use the lakes of Kandiyohi County as a stop over on their annual migration south. The prairie potholes provide ample opportunity for duck and goose hunting.
With the coming of winter entire villages appear where children recently splashed and water skiers slalomed behind speeding boats. Ice fishing, one of the most popular forms of winter sport has begun.

In the woods and throughout the county, trails are now snow covered and ready for snowshoeing, cross-country skiing and snowmobiling.

Ice conditions on our lakes are perfect for a fun winter activity called kicksledding. Running, sliding and enjoying the great outdoors is what it’s all about.
Sibley State Park is a favorite stop for visitors to Kandiyohi County. Boasting 2,936 acres of forests, hills, lakes and trails, the park offers recreation opportunities for all outdoor enthusiasts. Visitors can also enjoy boating, swimming, fishing and canoeing on Lake Andrew.

The first historical marker in the county was erected in 1981 for Captain Cady, an army officer assigned to patrol the frontier from Hutchinson to the Red River. In June of 1863 the captain with a patrol of three soldiers came upon a party of Dakota in the Kandiyohi Lakes Country and after a short chase and firefight the captain was shot through the heart. This marker is located 7 miles south of Atwater on County Road 2, then 1.5 miles west of County Road 20. Historical Marker number 301.
